

## LOOKING FOR AFRICAN AMERICANS WITH HAIR LOSS

Imagine Hair is a local, non-surgical hair replacement/augmentation salon in Round Rock, TX that has been serving clients with hair loss for over 25 years. One of the areas we are expanding is our presence in non-surgical hair replacement/augmentation services for our African American neighbors.

The causes for hair loss in African Americans are different, and the selection and application of the perfect hair replacement/augmentation is a unique process. That's where we shine. So, our goal is to develop several quality videos that will help us advertise.

Over the next few of months, we will be selecting 5-7 African Americans who have temporary or permanent hair loss problems. We are looking for individuals that want to get back their previous natural look and regain their self confidence by having a full head of hair.

We are offering FREE consultation, FREE non-surgical hair replacements and augmentations, FREE styling, and FREE products to individuals that would be willing to participate in a short video for our marketing program. Children, Men and Women are eligible to participate. The best candidates are those that have hair loss or thinning hair in the front, top and/or crown of their heads. The value of this offer is between \$500 and \$2,500, depending upon your individual needs.

If you are interested, send us a short description of your hair loss problem along with several photos that show the front, top back, and side your head.

Send the information and photos to us at [info@imaginehair.com](mailto:info@imaginehair.com). Don't forget to include your full name, phone number, and e-mail. If we feel you would be a good candidate, we will call you to make an appointment for you to come in and meet with us.
